This warranty applies only to roofs installed "The Klaus Roofing Way" (see brochure). It does not apply to repairs of existing roofs, partial roof replacements, damages caused by weather (including, but not limited to, hail, wind in excess of 110 miles per hour, etc.), ice damming, animals, damage caused by others, or any event covered by customary homeowner's insurance, were it to be in effect. This warranty does not cover staining or discoloration of the roof.

This is a warranty on defects of the Gutter Shutter® products only. Brown Roofing provides a warranty on the installation of the Gutter Shutter® system as set forth in your Proposal & Agreement. This warranty is provided by your local Klaus Roofing Systems dealer who installed your roof, not Klaus Roofing Systems LLC.
